<b>Total Hours</b>				<b>15</b>

\*One science course must include a laboratory.

The above satisfies A.A. GER. Transcript must be stamped by Florida State College at Jacksonville.

**Total Florida State College at Jacksonville Hours**

**87 hours**

NOTE: FSCJ students are not required by UNF's ASL/English Interpreting Program to complete the A.A. GER prior to transfer; however, this is strongly recommended for two reasons. One is to ensure eligibility for admission to UNF in the event that the institution systematically restricts transfer student admission to those who have completed an AA. Secondly, the Program of Study is full during the spring and fall semesters with interpreting coursework. Students who matriculate without the A.A. will need to take General Education courses in the summers.

**General Education Notes:**

- Please review the Florida State College at Jacksonville Catalog for General Education Requirements (GER).
- Since the students following this articulation agreement will complete the A.A. General Education Requirements at Florida State College at Jacksonville (during the '15 semester hours of bridge coursework') they will satisfy the Gordon Rule requirements for Florida State College at Jacksonville and UNF. Additional upper level Gordon Rule coursework may be required for certain majors.
- All General Education courses require a grade of "C" or above.

**Prerequisite Notes:**

- All prerequisite courses require a grade of “C” or above.
- A major prerequisite course may satisfy both Florida State College at Jacksonville General Education Requirements and UNF Major Prerequisites. Please review the General Education Requirements and talk with an advisor.
- Foreign Language Requirement: Students who have not completed two years of sequential foreign language study or American Sign Language in high school must complete 8 hours of college level foreign language or American Sign Language at Florida State College at Jacksonville. If this requirement is not completed at Florida State College at Jacksonville, it must be completed at UNF prior to graduation.

**Admissions Notes:**

- Florida State College at Jacksonville: Students must pass the PACE proficiency entrance exam for American Sign Language prior to admission to the A.S. Sign Language Interpretation program.
- UNF: Students who do not meet the minimum admissions requirements for the UNF College of Education and Human Services and are officially denied admission may submit a letter of appeal of the admissions decision.

**Other Notes:**

- Qualified students will have earned a grade point average of 2.0 and will have completed the coursework specified in the transfer advising sheet. (GPA is based on all previous college or university course work).
- Students who complete their Florida State College at Jacksonville course work under the terms of the catalog in effect during the term of their registration must graduate within five years or they will automatically be reassigned to the catalog in effect during their fifth year.
- Upon completion of the A.S. degree, students must maintain continuous enrollment and transfer directly to UNF within two semesters of the last term of enrollment at Florida State College at Jacksonville. Continuous enrollment is defined as enrollment not interrupted by non-attendance for more than two semesters.
- Any waiver or substitution of coursework at either institution must have prior approval by the appropriate institution.
- UNF requires a minimum of 48 semester hours of upper division coursework in order to establish Bachelor of Science graduation eligibility. At UNF, students must have a minimum grade of “C” in all courses in the UNF ASL/English Interpreting major. Only two courses in which a student receives a grade of less than “C,” “P,” or “WP” may be repeated prior to dismissal from the program.
- If you do not plan to transfer to this specific transfer institution, please follow the Program of Study, as specified in the College Catalog.
